

2011 SOUTHEAST DISTRICT FALL FIRE SCHOOL

SALEM FIRE DEPARTMENT SALEM, SD SEPTEMBER 11, 2011 SALEM HIGH SCHOOL

Mission Statement: To promote safety and integrate the efforts of local, state, federal agencies in structural and wildland firefighting practices.

Class 1 – EVOC (Emergency Vehicle Operations Course)

Instructor is Ben Vandenhoeck from the Mitchell FD – 6 Hrs – no class limit

The morning classroom session will cover applicable laws and safety issues while operating an emergency response vehicle. The afternoon session will involve driving your vehicle through an obstacle course.

Class 2 – Grain Entrapment Rescue Procedures

Instructor: Paul Schreck from the Mitchell FD – 6 Hrs – class limit 30 – coveralls or wild land PPE will be adequate with eye, head, and hand protection – **NO** loose or torn clothing – lace up boots and dust masks recommended

This class will review the hazards of flowing grain, victim survivability, how to access and free a victim, how to enter a grain bin safely, preplanning at local grain facilities, hands on evolution and demo of the rescue tubes and what to do if you don't have a rescue tube. The class will involve basic ropes and knots skills, so refresh your skills prior to the class.

Class 3 – Vehicle Extrication

Instructors: Josh Baaker and Monte Gummer from the Brookings FD – 6 Hrs – class limit 30 – full structural or rescue PPE required with helmet, gloves, eye protection, and foot protection (**NO** tennis shoes or soft toe boots/shoes).

This class will be back to the basics of vehicle extrication with infuses on vehicle stabilization. It will also incorporate the use of hand tools in the event of your hydraulic powered tools fail.

Class 4 – SCBA Training & Smoke House Exercise

Instructor: Steve Oberle from the Tea FD – 6 Hrs – class limit 30 – full structural PPE and SCBA required.

This class will provide firefighters knowledge of the operations of their SCBA, obtain confidence in the use of their SCBA, and renew their respect for basic firefighting/rescue skills.

Class 5 – Properties of LP Gas & Live Fire Exercise

Instructors: Mike & Monty Koopman from the Baltic and Colton FD's – 6 Hrs – class limit 30 – **full structural PPE meeting NFPA 1971 Standard required. NO exceptions.**

This class will provide information as to the properties of LP Gas and it's associated hazards. The live fire exercise will provide information and confidence on how to safely approach, control, and extinguish a fire involving an LP Gas leak.

Class 6 – Fire Nozzles And Uses For Foam

Instructor: Dave Burns from Task Force Tips – 3 Hrs (morning session) – no class limit

This class will provide information as to what type of equipment and which class of foam to use for various fire situations.

Class 7 – Fire Service Round Table Discussion

Coordinators: State Fire Marshal Allen Christie, SD Firefighters Association South East District Representative Charlie Kludt, and South East District President Paul Scherschligt. This will be a prime opportunity to discuss your concerns on policies and issues affecting your department.
